# 9900R V2

## 2-Pocket Mixed Denomination Money Counter, Reader and Sorter

- **Versatile and Accurate:**
  The 9900R V2 is capable of counting both value and number of bills, sorting by Denomination, Face, and Orientation, and handling mixed denominations and currencies with precision.

- **Advanced Counterfeit Detection:**
  With multi sensor (UV, MG, IR, 2CIS), 9900R V2 ensures the authenticity of every bill and records the serial number of each bill, providing a high level of security.

- **User-Friendly Design:**
  The machine's intuitive touch control panel with a TFT touch display makes it easy to navigate between counting modes and functions, providing a seamless user experience.

- **Quality and Warranty:**
  Built in the USA by US based professionals with over 25 years of experience in the industry, 9900R V2 comes with a 3 year extended warranty and free lifetime professional support.
