Detailed Reporting

The KCD-2000 is able to provide the total amount of each denomination counted, the value of the counted bills of that denomination, and the grand total value of the bills counted.

2-in-1

Counts in addition to defending against fake bills and displays the full count report by denomination on screen.

Protects Against Counterfeits

Uses advanced ultraviolet, magnetic ink, infrared and size detection methods to defend against potential counterfeit bills.

Easy for Anyone to Use

4-Orientation counterfeit detection: Can verify a bill in any of the 4 orientations possible for instant verification.
